Dear Erik,

I wanted to take a moment to thank you for all you do for the University of Phoenix. Having worked with you since February 2002, I've really seen you grow and develop as a facilitator and mentor. As Chair of the College of Health and Human Services at the University of Phoenix, I am privileged to work with many excellent practitioners; among them all, you have truly been outstanding. In addition, because of your thorough attention to detail and friendly, professional demeanor, you have risen in the governance structure as well. I am pleased to have you as my second in command as the Associate College Chair. I'm glad that you will continue to Chair the practicum division of the Master of Counseling program as well.

Erik, you are personable, reliable, conscientious, and you have a great sense of humor. You have helped build a sense of community in the college, and you consistently receive outstanding evaluations of your work. You are also a self-starter, regularly finding projects to do to enhance the program. Because of all you contribute, you were awarded the distinguished honor of Faculty of the Year in 2004.

Erik, thank you again for all you contribute to UOP. We are very lucky to have you!

Sincerely,
